HD0C-Heavy Duty Outdoor Fire Extinguisher Cabinets (Non-Rated)

Detail & Submittal Sheet

Construction Specifications:

Heavy Duty Outdoor Cabinet comes standard in 16 gauge **galvannealed*** steel. Standard finish is baked red enamel. Options include black enamel coat and stainless steel. Designed to be surface mounted and are ideal for installation in both outdoor and harsh indoor environments in non-rated applications.

- Includes weather resistive gasketing
- Full length 304 stainless steel piano hinge
- 2 roller ball catches, safety lock
- Sloped roof to facilitate drainage
- White "Fire Extinguisher" decal, "Pull Firmly to Open" decal, and stainless steel pull handle
- Option: 304 or 316** stainless steel with #4 finish
- Option: Black baked enamel

SIDE

* **Galvannealed steel:** The preferred coated steel for use in architectural applications.

- Coated in zinc, heated to over 1000° F so iron is pulled from steel.
- Iron mixes with zinc coating, making it harder, more scratch-resistant, uniform appearance.
- Galvannealed steel bonds better with paint, and it is better for welding.

** **316 SS** contains 2%-3% molybdenum, added to improve corrosion resistance to chlorides (like sea water).
304 SS has no molybdenum
